

## GGArts – RFP

### Questions and answers

**Q.** Where will the video be shot?

**A.** Since the winners will not be selected until October, we do not yet know where the videos will be shot.

**Q.** We do understand that travel costs are to be included within the \$7k budget.

Depending on the location of the artist, there will be quite a difference in cost of travel. If the artist is local, the costs associated with travel would be low, if any.

**A.** Travel costs are included within the \$7,000 budget if your travels are local. Should you need to travel longer distances, the Council will cover accommodation and travel fees.

**Q.** I am choosing not to partner with a production company but rather work with independent collaborators (Cinematographer, Composer, etc). Will you need signed letters of confirmation from each of these different collaborators, or is email confirmation sufficient (with an explanation that I have confirmed participation of these different collaborators)?

**A.** An email explaining that your collaborators have confirmed that they will be participating will suffice.

**Q.** When will we receive notification on whether our proposals were successful?

**A.** We will contact everyone who submitted a proposal in the week of October 18 to 22.
